Americans have a long established policy of cleansing of people, communities and cultures going back a very long time. Check out what they have and continue to do to the American Native Indians [www.papergenocide.com](http://www.papergenocide.com) American police regularly shot and kill non whites because Americans have a deep seated disrespect and value of non whites.

Move to replace the term and reference to India with South Asia is completely illogical, bizarre and subversive of historical facts. The motive of the lobby behind this proposed change is highly questionable. Therefore, I oppose this firmly.
